Air  
and  
Magnetic  
Dampened  
24X and 32X

- » Apache auto levels feature a modern red and grey body style, 24-power or 32-power magnification and a magnetically (or air) dampened compensator
- » A removable top cover makes accessing the compensator simple
- » It comes with an endless tangent drive, tilting mirror for easy viewing of the leveling vial and a peep sight collimator for quick pointing
- » It's accurate to 1/16-inch per 100 feet (in good conditions).
- » It comes with a high-quality, impact resistant padded carrying case
