## Class 2 Safety Utility Vest

This vest meets federally mandated ANSI/ISEA Class 2 107-2004 requirements.

It is made from, very durable, tricot fabric.

The 2.5-inch (6.35 cm) wide reflective tape with 2-inch (5.08 cm) wide silver stripes provide high visibility in traffic areas.

This vest has multiple pockets that are secure and easily accessible.

See your SECO dealer for more details.

Imported.
